

Investigator's Conflict of Interest Declaration Form

Study Title

Study about the results of the addition of a sulfonylurea, DPP4 inhibitors or SGLT2 inhibitors as a second antidiabetic drug in patients with diabetes mellitus type 2 in treatment with metformin and insufficient glycemic control. (eControl Met +)

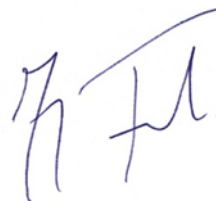

Please tick '✓' the appropriate boxes:

(I) ✓ I declare that I have no conflict of interest.

I will also report potential conflict of interest to the REC/IRB that may arise in the course of the approved study.

Dr. Josep Franch Nadal
