

Clarification of steering group

This individual study has no specific steering group. The Drugs and Pregnancy project serves as a research database and the steering group of this project may endorse or decline study proposals. This study has been endorsed by the steering group. The steering group of the Drugs and Pregnancy project include:

Erkki Palva, MD, Finnish Medicines Agency (FIMEA)

Päivi Hämäläinen, MD, National Institute for Health and Welfare (THL)

Jaana Martikainen, PhD, Social Insurance Institution (KELA)

Mika Gissler, PhD, National Institute for Health and Welfare (THL)

Anna-Maria Lahesmaa-Korpinen, Ph.D., National Institute for Health and Welfare (THL) ^π

Sonja Kiuru-Kuhlefelt, MD, National Institute for Health and Welfare (THL)

^π Included also as author

The results from the analyses and the progress of the work will be regularly evaluated in the Drugs and Pregnancy project steering group meetings twice annually and more frequently if needed.
