

Study Scientific Committee

The SC consists of epidemiologists and clinicians with expertise in designing observational studies in EMR databases. It consists of three external members with relevant clinical and epidemiologic experience, as well as two GSK employees, and two representatives from the CPRD.

External Members

Liam Smeeth (Professor, Head of the Department of Non-Communicable Disease Epidemiology, London School of Hygiene & Tropical Medicine).

Miriam Sturkenboom (Professor, Department of Epidemiology, Erasmus MC University Medical Center Rotterdam, The Netherlands)

Jennifer Quint (Consultant in Chest medicine and Lecturer, Department of Non-Communicable Disease Epidemiology, London School of Hygiene & Tropical Medicine)

CPRD Members

Tim Williams (Scientific Head, CPRD)

Daniel Dedman (CPRD, WWE117397 Project Epidemiologist)

GSK Members

Kourtney Davis (Senior Director, Respiratory Therapeutic Area Lead, Worldwide Epidemiology)

Sarah Landis (WWE117397 Project Epidemiologist and Director, Worldwide Epidemiology)
