ENCePP Working Group on Data Integration

Report to ENCePP Plenary Meeting
25 November 2014

Presented by: Nawab Qizilbash, WG Chair
OXON Epidemiology and London School of Hygiene & Tropical Medicine,

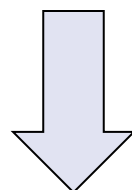

An agency of the European Union

Main Message

We have started writing!

We have started revising!

Objective:

Guide for conducting systematic reviews and meta-analyses of controlled observational studies investigating the safety of medicinal products.

Compared with collaborative multi-database studies to assess harm
