## Mandate of ENCePP Working Group on Health Technology Assessment (HTA)

### Working Group "HTA"

Chair: Marlene Sinclair

Co-Chair: François Meyer

- The group will provide a forum of academics and service providers for consultation as appropriate to support the development of guidance by ENCePP, EMA and EUnetHTA, including on post-authorisation efficacy studies, on post-authorisation safety studies and health technology assessment.
- The Working Group will explore capacity building in the context of the ENCePP Research Resources Database on the conduct of studies that bridge to meet the requirements of medicines regulators and health technology assessment bodies.
- In the long term, the Working Group may lead, subject to decision by the ENCePP Steering Group, on the development of a considerations paper on practice in conducting post authorisation studies (PAS) that might meet the needs of regulators and HTA bodies with a view to development of good practice guidance, either stand-alone or integrated into existing guidance.
