Mandate of ENCePP Working Group on Health Technology Assessment (HTA)

Task Force "HTA"

Chair: Marlene Sinclair

- The work of the group will lead and inform, where applicable, future activities of ENCePP in terms of health technology assessment.
- The Working Group shall lead on the development of methodological guidance for studies of health technologies taking account of existing guidances, including the ENCePP Guide on Methodological Standards in Pharmacoepidemiology, and data integration.
- Provision of a forum to discuss HTA research-related activities between ENCePP and other including HTA organisations.
- Respond to specific queries on HTA from ENCePP Steering Group.
